New Arrivals!

Never have I worn ties that provoke so many comments and compliments. I've observed that when I first approach someone while wearing a No Boundaries tie they stare at the tie not hearing what I've said to them. Then comes the comment. Thanks for your creativity and style.

I have always hated ties and avoided wearing them. For business reasons I bought three No Boundaries ties last fall. Do they get noticed! Now I look for reasons to wear a tie and I don't think I'll wear anything but a No Boundaries tie.

No Boundaries ties are the only ties a business person should wear. These ties are not only beautiful but powerful as well. At my wedding I refused to wear a tux because I couldn't wear my No Boundaries tie. So, I gave my wife two options: marry me in a double-breasted suit with my No Boundaries tie or marry me not. Today my wife buys all my No Boundaries ties and I love her for it

Creating a Rush Limbaugh No Boundaries tie is an intricate and lengthy process encompassing several phases: design, fabrication, screening, finishing and sewing.

From concept to color, each design takes more than 100 hours. Once the design is complete, each color is separated and dedicated to its own screen for printing.

The fabrication process includes the selection of silk, lining, tipping, labels and chains. Silk selection involves choosing the perfect weight and weave. The texture is carefully considered to ensure each tie drapes properly and maintains a rich appearance.

After color separation, each tie is printed one at a time. No Boundaries ties are a product of precise engineering, requiring a special center cut for exact positioning of design.

The finishing phase gives our No Boundaries ties that great feel. After the fabric is printed, baked and cleaned, the sewing process begins.

Sewing a No Boundaries tie involves 22 steps, of which, 18 effect the length of the tie. Because each tie is individually made, lengths may vary. However, a No Boundaries regular length is usually longer than the industry standard of 54 to 56 inches in length. The No Boundaries Big & Tall ties are usually longer than the industry standard of 58-60 inches in length.

We hope this information helps you understand our commitment to ensuring that your No Boundaries product meets only the highest standards. Our attention to detail notwithstanding, variations may occur in any of the above steps. It is our policy to assure 100% satisfaction with your No Boundaries selection or offer a replacement or a full refund. Contact our Customer Service Department at 1-800-246-5121 with any questions.

Due to the nature of photography, actual tie colors may vary slightly from what is shown in this catalog.

I have, for some time, stood on the brink. I think now is the time to take the plunge into the No Boundaries Collection. It's an exhilarating sensation. I realize I will never be the same again. Never again will I merge with the average masses, muddling along in their drab clothing. I will join the ranks of the elite. It's the No Boundaries Club. And what a club it is!
